Save over \$200 on Juvederm® and Botox®

Dr. Michael Law has once again reached platinum status with Allergan the manufacturer of Botox Cosmetic and Juvederm. You can now receive a **\$100 rebate** when you receive a Botox and Juvederm treatment in the same day.

Additional savings with Blue Water Spa's food drive!

Now through Sept. 30th 2009, Blue Water Spa will be offering **\$100.00 off Juvederm® and Juvederm Ultra®** in addition to the new rebate to patients who bring in 20 or more nutrition bars, granola bars or some other type of healthy high protein snack for children. With a donation of ten cans you will receive **\$1 off each unit of Botox®** in addition to the new rebate

Our motivation for providing additional savings on Juvederm is in an effort to feed hungry children in our community. As a sponsor for the Backpack Buddy program with the Interfaith Food Shuttle of North Carolina, Blue Water Spa provides healthy food for children to take home in their backpacks. During summer months, children do not receive a school lunch. This is sometimes the one meal a day they can count on. These children need our help. We are asking our clients to help by donating high protein, healthy snack foods like nutrition bars, nuts or granola bars.

Blue Water Spa has donated more than 20,000 pounds of food to the Interfaith Food Shuttle since starting our food drive. Thank you for your generosity.

Juvederm

Juvederm is naturally-occurring injectable agents used for lip enhancement and to soften facial lines and creases. They can be injected with only minimal discomfort in Dr. Law's office with little to no downtime.

Botox

Botox Cosmetic is designed to eliminate unpleasant lines and creases caused by scowling, squinting, or frowning. When expertly administered the ability to animate the face or looked surprised is not changed. The result is a more beautiful, rejuvenated younger looking you.
